L8MS Legionella Management Systems

Good morning Admin L8MS

Takes you to the home page

To see a list of sites with L8MS Manage Web access & to add new sites from L8MS Manage

Select the Organisation Name from the drop down box, most users will have access to only one organisation and this will be selected by default generating a list of L8MS Manage sites grouped by: -

- Sites not set up for L8MS Manage Web access
- Sites set up to run on L8MS Manage Web.

To add a site to L8MS Manage Web click the row from the 'sites: Not added' group to highlight the site and then the "Add" button (bottom centre).

To remove a site to L8MS Manage Web click the row from the 'sites: Added' group to highlight the site and then the "Remove" button (bottom centre).

To see a list of Users with L8MS Manage Web access & to add new Users and set up their permissions.

Select the Organisation Name from the drop down box, most users will have access to only one organisation and this will be selected by default generating a list of users.

New users can be added by clicking the "Add New" button.

Enter a user name name @ domain

A password

Users first name

Users surname

The users responsibility code must be added from L8MS Mange (available reference options can be chosen from the drop down menu below)

Choose the option for access level (please see the help tip on the page).
